

10.1% OF WHOM?

The unemployment rate counts people within the labour force. The denominator matters.

PEOPLE AGED 15 AND OVER

159,325

Saint Lucia · April–June 2026 · Household survey estimates

110,768 IN THE LABOUR FORCE

69.5% of people aged 15 and over

THE UNEMPLOYMENT RATE

$$\frac{11,240}{110,768} \times 100 = 10.1\%$$

Unemployed ÷ labour force. People outside the labour force are a separate group.

Source: CSO, Main Labour Force Indicators, Q2 2026; SLPA calculations.

Survey estimates, aged 15+. Unemployment requires the survey's work-seeking and availability criteria. Outside labour force = population 15+ minus labour force. Rates rounded.
